Fast Ethernet Print Server

Mini Print Server

1 Port USB 2.0 / Parallel Printer Server

PS-1206P / U

Easy Installation and Configuration (with Web-Based Configuration)

The print server's easy-to-use windows installation wizard allow for quick installation and setup the print server. The print server can also be conveniently configured from any network client that support webbrowsing.

Support Peer-to-Peer and Server-Based Printing

Supports both Peer-to-Peer and Server-based printing. LAN clients can connect directly with the print server to execute printing jobs (Peer-to-Peer printing); or clients can send print jobs first to a server (queuing jobs) and allow the server to connect with the print server to execute the printing jobs (Server-based printing).

Provide Complete Printing Methods

The print server provides LPR, IPP, SMB/TCP, Raw Printing and Unix Logical Printer printing methods. You can choose the best printing method according to your environment.

Support Major Operating Systems

The print server is compatible with all major operating systems used today, for example Windows 95 / 98 / Me / NT / 2000 / XP, NetWare (3.x above), MAC OS and Unix/Linux environments.

Supports DHCP Server/Client

The printer server can act as a DHCP server, allowing your LAN clients to automatically obtain an IP address or it can act as a DHCP client allowing for easy integration to your existing network.

Fault-Tolerant Firmware Upgrades

Users need not worry about errors occur in the midst of an upgrade, thus preventing the print server from operating. The print server's fault-tolerant upgrade function allows for re-upgrades should problems occur during the initial upgrade.

Feature

- Comply with IEEE 802.3, IEEE 802.3u Wired Ethernet standards.
- Provides one USB 2.0 / Parallel port to connect to printer.
- Share printer to all PCs through Ethernet Network.
- Supports TCP/IP, IPX/SPX, NetBEUI and AppleTalk network protocols.
- Supports LPR, IPP, SMB/TCP, Raw Printing and Unix Logical printing protocols.
- Supports Peer-to-Peer Printing (TCP/IP/IPX/NetBEUI).
- Supports Server-based printing (Novell NetWare and Windows).
- Compatible with all major operating systems (Windows 95/98/Me/NT/2000/XP, NetWare (3.x above), MA C OS and Unix/Linux).
- Support DHCP Server and Client protocols.
- Supports Web-based management, Windows Configuration Utility and SNMP Protocol.
- Provides easy-to-use installation, setup and diagnostic programs.
- Supports Fault-Tolerant Upgrade capability.

Specification

Model NO.	PS-1206U PS-1206P
CPU	RISC CPU
Flash	512KB NOR Flash
RAM	2MB SDRAM
Printer Port	USB 2.0 Parallel
LAN Port	10/100 TP Port x 1 (Auto-MDI/MDI-X)
Power	7.5VDC, 0.5A Power Adapter
Dimension	20(H) x 58(W) x 75(D) mm
Temperature	0~55°C
Humidity	10~90% (Non-Condensing)
Certification	FCC Class B, CE Mark, C-Tick
